

Chroma-Q™ Color Block Plus

Replacement Engine for DB4 - Extend the Life of Your Color Block & the Environment

The Color Block Plus Replacement Engine for the Chroma-Q™ Color Block DB4™ enables rental companies and other users to gain an even greater return on their investment in this still widely used fixture.

Cost Effective Alternative

Designed to be fitted by authorised Chroma-Q service agents, the Color Block Plus Replacement Engine provides a cost-effective alternative to replacing the whole Color Block DB4 fixture - so it's kind to the environment as well as your budget.

Color Block DB4 Emulation Mode

For maximum convenience, it also features a Color Block DB4 emulation mode, to simulate the lumen output of the original LED engine when used alongside other first generation fixtures.

Key Features

- Color Block DB4 emulation mode
- More cost-effective than replacing whole fixture
- Eco-friendly solution
- Compatible with all Color Block / Color Block 2 power supplies and accessories
