

The Follow-Me Fader Console adds an extra 4 faders, 4 encoders and 4 switches to the Follow-Me Mouse Console. The faders, encoders and switches can be custom assigned to control fixture parameters, specific actions in Follow-Me 3D and control camera settings via the Follow-Me Rack server remotely.

The console has a Neutrik XLR-4 output to link to the Mouse console. There is a Neutrik XLR-3 available for an optional LED desk light
